Foreign residents of Suginami!

Foreign language specialists of Suginami!

Would you like to introduce Koenji in your own native language?

In Koenji's Junjo Shotengai (shopping district), we are searching for support from foreign residents or those proficient in foreign languages so that more foreign people can enjoy the sights and sounds of lively Koenji with its many neighborhoods and shops.

Make a foreign language menu !

Some restaurants would like to have a foreign language menu available for foreign people who visit, so how about helping to make a useful menu and comments of guidance in your language?

*Necessary expenses will be paid for.

*A professional photographer will take the photos and movies.

*Please acknowledge that the resulting manuscript may appear on the Junjo Shotengai or Suginami-ku public websites.
